LOCATION

Dunfermline is Fife's largest town with a population of approximately 50,000 persons and an estimated catchment of around 150,000 people. It is situated 15 miles north of Edinburgh and is readily accessible via the M90, which is the principal link between the Queensferry Crossing and the north of Scotland.

Pitreavie Business Park is Fife's premier office location enjoying close proximity to A823(M) and is approximately 5 minutes from junction 1 of the M90. The business park is home to several household names including: BskyB, Nationwide Building Society and Lloyds Banking Group.

The Flexspace building is situated directly off Pitreavie Court which, in turn, is accessed from Queensferry Road from where the building is clearly visible. Dunfermline town centre is 2 miles from Flexspace and provides a range of shopping and leisure amenities.

Public transport, meanwhile, is available in the vicinity. The nearest train station is Rosyth, less than 1 mile from the building, and there are 100 car parking spaces available outside the building.

DESCRIPTION

The subjects comprise a building of steel frame construction with composite cladding panels and blue aluminium window frames. The central part of the building is arranged over three storeys with adjoining wings comprising single storey and two storeys.

The office is situated at ground floor and is accessed externally directly from the car park. The frontage provides signage opportunities. Internally, the space comprises an open plan office suite with a private office/meeting room, tea prep and WC. The specification includes modern LED fittings within a suspended ceiling, carpet tiles and painted plasterboard walls.

The main Flexspace building is accessed separately via a glazed atrium style reception foyer with the management office and several meeting rooms adjacent. A central lift core and staircase provides access to all floors from where offices are configured around central corridors.
